

The future of Digital Ownership, Wealth & Trust

Abstract

NIVX is a next-gen Fintech ecosystem that unifies your assets, investments, liabilities, identity, and proof of ownership using Blockchain, Biometrics, and AI.

Store. Prove. Trade. Grow. All in One Place. 

Introduction

Legacy systems are fragmented and insecure. NIVX builds a Personal Wealth Operating System that brings everything together—secured by blockchain, protected by biometrics, and powered by AI intelligence. 

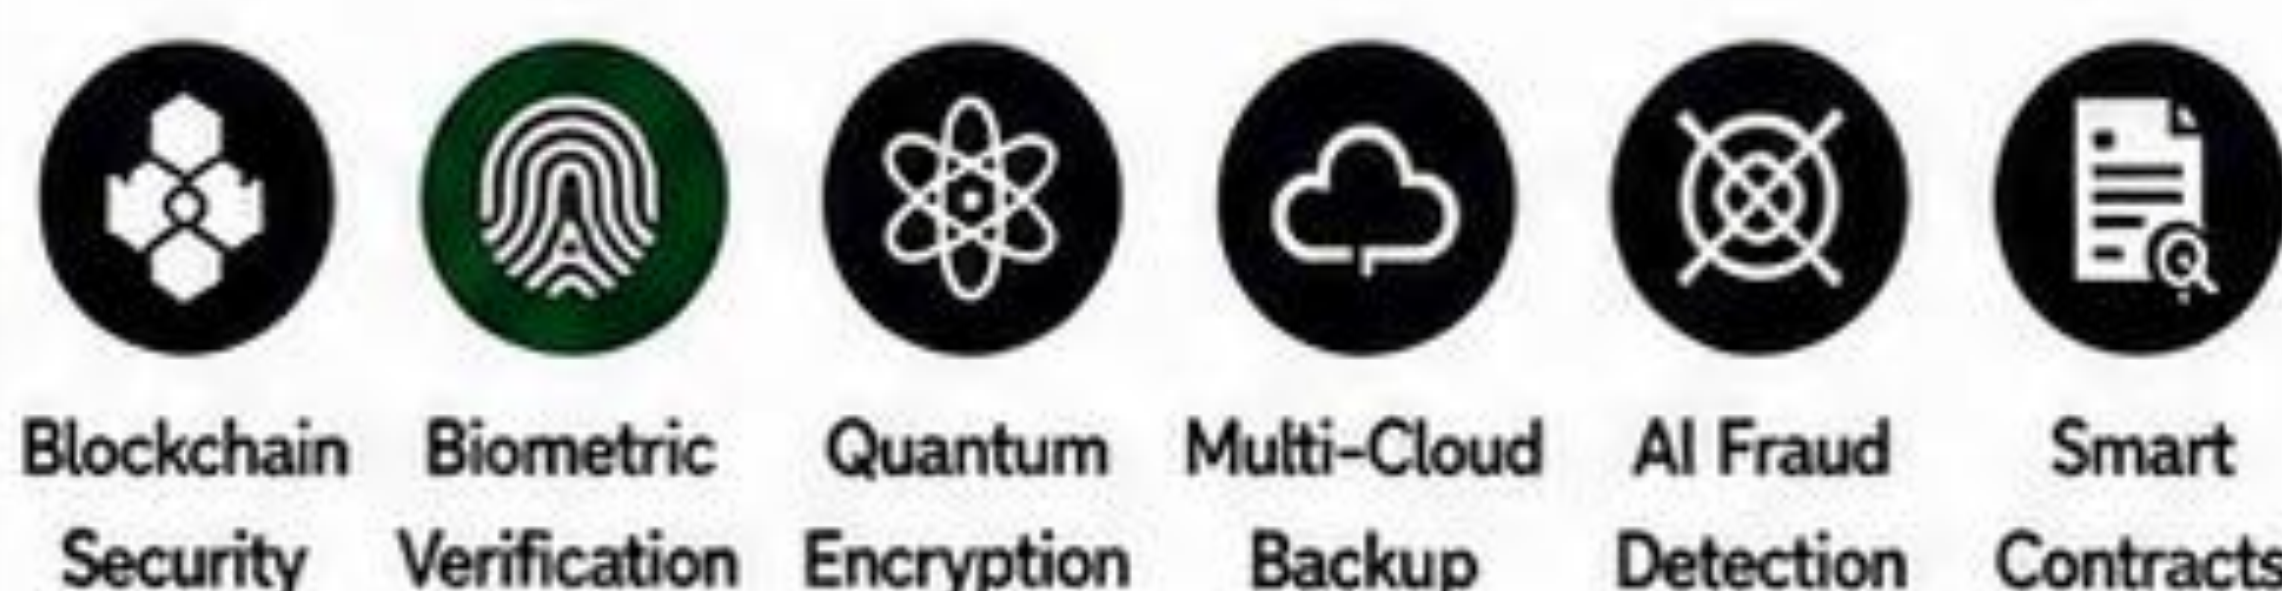

NIVX Ecosystem
